Puzzle 91

The clues are:

Across:

- 1) Half of 2 down.
- 2) Each digit is 2 greater than the one before it (on the left side).
- 3) The sum of the digits is at least 3 greater than the sum of the digits of 1 across.

Down:

- 1) The first digit is greater than the second digit on its right by the same amount as the second digit is greater than the third digit.
- 2) Twice 1 across.
- 3) An odd number.
